

## Takeo Piv Hatai

Art Director and Designer for all 360° digital content

### Career path

With my experience in television advertising using special effects (VFX, 3D Computer Graphics and Animation),

I am developing in areas such as the web and digital marketing.

The distinctive style is to marry human expression with digital creativity.

The humorous virtual creation gives courage and hope to the public.

Le Pivot is an independent studio created for advertising design using special effects, motion graphics, web and digital marketing.
